See section 14 of Pub. L. 92-463, Oct. 6, 1972, 86 Stat. 776, set out in the Appendix to Title 5, Government Organization and Employees.

§ 7316. Malpractice and negligence suits: defense by United States

(a)(1) The remedy—

(A) against the United States provided by sections 1346(b) and 2672 of title 28, or

(B) through proceedings for compensation or other benefits from the United States as provided by any other law, where the availability of such benefits precludes a remedy under section 1346(b) or 2672 of title 28,

for damages for personal injury, including death, allegedly arising from malpractice or negligence of a medical care employee of the Ad-

ministration in furnishing medical care or treatment while in the exercise of that employee's duties in or for the Administration shall be exclusive of any other civil action or proceeding by reason of the same subject matter against the medical care employee (or employee's estate) whose act or omission gave rise to such claim.

(2) For purposes of paragraph (1), the term "medical care employee of the Administration" means a physician, dentist, podiatrist, optometrist, nurse, physician assistant, expanded-function dental auxiliary, pharmacist, or paramedical (such as medical and dental technicians, nursing assistants, and therapists), or other supporting personnel.

(b) The Attorney General shall defend any civil action or proceeding brought in any court against any person referred to in subsection (a) (or such person's estate) for any such damage or injury. Any such person against whom such civil action or proceeding is brought shall deliver within such time after date of service or knowledge of service as determined by the Attorney General, all process served upon such person or an attested true copy thereof to such person's immediate superior or to whomever was designated by the Secretary to receive such papers and such person shall promptly furnish copies of the pleading and process therein to the United States attorney for the district embracing the place wherein the proceeding is brought, to the Attorney General, and to the Secretary.

(c) Upon a certification by the Attorney General that the defendant was acting in the scope of such person's employment in or for the Administration at the time of the incident out of which the suit arose, any such civil action or proceeding commenced in a State court shall be removed without bond at any time before trial by the Attorney General to the district court of the United States of the district and division embracing the place wherein it is pending and the proceeding deemed a tort action brought against the United States under the provisions of title 28 and all references thereto. After removal the United States shall have available all defenses to which it would have been entitled if the action had originally been commenced against the United States. Should a United States district court determine on a hearing on a motion to remand held before a trial on the merits that the employee whose act or omission gave rise to the suit was not acting within the scope of such person's office or employment, the case shall be remanded to the State court.

(d) The Attorney General may compromise or settle any claim asserted in such civil action or proceeding in the manner provided in section 2677 of title 28, and with the same effect.

(e) The Secretary may, to the extent the Secretary considers appropriate, hold harmless or provide liability insurance for any person to whom the immunity provisions of this section apply (as described in subsection (a)), for damage for personal injury or death, or for property damage, negligently caused by such person while furnishing medical care or treatment (including the conduct of clinical studies or investigations) in the exercise of such person's duties in or for the Administration, if such person is

assigned to a foreign country, detailed to State or political division thereof, or is acting under any other circumstances which would preclude the remedies of an injured third person against the United States, provided by sections 1346(b) and 2672 of title 28, for such damage or injury.

(f) The exception provided in section 2680(h) of title 28 shall not apply to any claim arising out of a negligent or wrongful act or omission of any person described in subsection (a) in furnishing medical care or treatment (including medical care or treatment furnished in the course of a clinical study or investigation) while in the exercise of such person's duties in or for the Administration.

(2) Indemnity under paragraph (1) is indemnity against either or both of the following:

(A) Liability (including reasonable expenses of litigation or settlement) to third persons, except liability under State or Federal workers' injury compensation laws to employees of the contractor employed at the site of and in connection with the contract for which indemnification is granted, for death, bodily injury, or loss of or damage to property, from a risk that the contract defines as unusually hazardous.

(e) Each contractor which is a party to an indemnification agreement under subsection (a) shall have and maintain financial protection of such type and in such amounts as the Secretary shall require to cover liability to third persons and loss of or damage to the contractor's property. The amount of financial protection required shall be the maximum amount of insurance available from private sources, except that the Secretary may establish a lesser amount, taking into consideration the cost and terms of private insurance. Such financial protection may include private insurance, private contractual indemnities, self-insurance, other proof of financial responsibility, or a combination of such measures.

(f) In administering the provisions of this section, the Secretary may use the facilities and services of private insurance organizations and may contract to pay a reasonable compensation therefor. Any contract made under the provisions of this section may be made without regard to the provisions of section 3709 of the Revised Statutes (41 U.S.C. 5), upon a showing by the Secretary that advertising is not reasonably practicable, and advance payments may be made under any such contract.

This section is referred to in section 7334 of this title.

§ 7332. Confidentiality of certain medical records

(a)(1) Records of the identity, diagnosis, prognosis, or treatment of any patient or subject which are maintained in connection with the performance of any program or activity (including education, training, treatment, rehabilitation, or research) relating to drug abuse, alcoholism or alcohol abuse, infection with the human immunodeficiency virus, or sickle cell anemia which is carried out by or for the Department under this title shall, except as provided in subsections (e) and (f), be confidential, and (section 5701 of this title to the contrary notwithstanding) such records may be disclosed only for the purposes and under the circumstances expressly authorized under subsection (b).

(2) Paragraph (1) prohibits the disclosure to any person or entity other than the patient or subject concerned of the fact that a special written consent is required in order for such records to be disclosed.

(b)(1) The content of any record referred to in subsection (a) may be disclosed by the Secretary in accordance with the prior written consent of the patient or subject with respect to whom such record is maintained, but only to such extent, under such circumstances, and for such purposes as may be allowed in regulations prescribed by the Secretary.

(2) Whether or not any patient or subject, with respect to whom any given record referred to in subsection (a) is maintained, gives written consent, the content of such record may be disclosed by the Secretary as follows:

(A) To medical personnel to the extent necessary to meet a bona fide medical emergency.

(B) To qualified personnel for the purpose of conducting scientific research, management audits, financial audits, or program evaluation, but such personnel may not identify, directly or indirectly, any individual patient or subject in any report of such research, audit, or evaluation, or otherwise disclose patient or subject identities in any manner.

(C)(i) In the case of any record which is maintained in connection with the performance of any program or activity relating to infection with the human immunodeficiency virus, to a Federal, State, or local public-health authority charged under Federal or State law with the protection of the public health, and to which Federal or State law requires disclosure of such record, if a qualified representative of such authority has made a written request that such record be provided as required pursuant to such law for a purpose authorized by such law.

(ii) A person to whom a record is disclosed under this paragraph may not redisclose or use such record for a purpose other than that for which the disclosure was made.

(D) If authorized by an appropriate order of a court of competent jurisdiction granted after application showing good cause therefor. In assessing good cause the court shall weigh the public interest and the need for disclosure

against the injury to the patient or subject, to the physician-patient relationship, and to the treatment services. Upon the granting of such order, the court, in determining the extent to which any disclosure of all or any part of any record is necessary, shall impose appropriate safeguards against unauthorized disclosure.

(3) In the event that the patient or subject who is the subject of any record referred to in subsection (a) is deceased, the content of any such record may be disclosed by the Secretary only upon the prior written request of the next of kin, executor, administrator, or other personal representative of such patient or subject and only if the Secretary determines that such disclosure is necessary for such survivor to obtain benefits to which such survivor may be entitled, including the pursuit of legal action, but then only to the extent, under such circumstances, and for such purposes as may be allowed in regulations prescribed pursuant to section 7334 of this title.

(c) Except as authorized by a court order granted under subsection (b)(2)(D), no record referred to in subsection (a) may be used to initiate or substantiate any criminal charges against, or to conduct any investigation of, a patient or subject.

(d) The prohibitions of this section shall continue to apply to records concerning any person who has been a patient or subject, irrespective of whether or when such person ceases to be a patient.

(e) The prohibitions of this section shall not prevent any interchange of records—

(1) within and among those components of the Department furnishing health care to veterans, or determining eligibility for benefits under this title; or

(2) between such components furnishing health care to veterans and the Armed Forces.

(f)(1) Notwithstanding subsection (a) but subject to paragraph (2), a physician or a professional counselor may disclose information or records indicating that a patient or subject is infected with the human immunodeficiency virus if the disclosure is made to (A) the spouse of the patient or subject, or (B) to an individual whom the patient or subject has, during the process of professional counseling or of testing to determine whether the patient or subject is infected with such virus, identified as being a sexual partner of such patient or subject.

(2)(A) A disclosure under paragraph (1) may be made only if the physician or counselor, after making reasonable efforts to counsel and encourage the patient or subject to provide the information to the spouse or sexual partner, reasonably believes that the patient or subject will not provide the information to the spouse or sexual partner and that the disclosure is necessary to protect the health of the spouse or sexual partner.

(B) A disclosure under such paragraph may be made by a physician or counselor other than the physician or counselor referred to in subparagraph (A) if such physician or counselor is unavailable by reason of absence or termination of employment to make the disclosure.

(g) Any person who violates any provision of this section or any regulation issued pursuant to

this section shall be fined, in the case of a first offense, up to the maximum amount provided under section 5701(f) of this title for a first offense under that section and, in the case of a subsequent offense, up to the maximum amount provided under section 5701(f) of this title for a subsequent offense under that section.
